Cloverdale Health Care District Meeting Minutes-February 10, 2020

Meeting was called to order by President Harry Martin at 7:00 p.m. Tom Hinrichs and all board members were present.

Election of Officers-President-Mary Jo Winter, Vice President-Jim DeMartini, Treasurer-Al Delsid, Secretary-Neena Hanchett, Harry Martin rotates to Member from past president. New officers were approved unanimously.

Meeting agenda was approved by all board members with no changes.

The minutes of the January, 2020 meeting were approved unanimously.

Financial Statement for January, 2020-The financial statement was approved unanimously after a brief discussion.

Manager's Report: Transport volume up. A tree was removed because the roots were lifting up the sidewalk. Other work will most likely be necessary in the near future for the same reason. The restroom facilities need some maintenance work and CV Plumbing (Chris Vine) has been contacted.

Presentation from Health Action:

Becky Ennis, from Health Action and former director of the Cloverdale Senior Center, presented a "Self Healing Community Model" to locally address adult homelessness, mental and physical problems in Cloverdale rooted in childhood experiences. She asked for the board's support and for our ideas as to who might be able to assist her to lead this program. Mary Jo Winter said she had an idea of a person who might be a "good fit."

From Members-Jim DeMartini asked board members if each would consider being a shelter manager in the event of an emergency, which involves Red Cross training and follow-up training. The first 72 hours is critical in an emergency and logistics are key until county/state resources are able to provide some support.

Mary Jo Winter asked for board input regarding the Employee Appreciation Dinner. It is tentatively set for Thursday, May 21.

The meeting was adjourned at 8:15 p.m.

Respectfully submitted,

Neena Hanchett, Board Secretary

MEMORANDUM

- TO: DISTRICT SECRETARY
- FROM: SONOMA COUNTY REGISTRAR OF VOTERS

DATE: APRIL 10, 2020

SUBJ: INFORMATION ON UPCOMING CONSOLIDATED ELECTIONS

The regular biennial election of your District Board Directors will take place on November 3, 2020. Nominations for offices in your district open on July 13, and close on August 7, 2020. If any incumbent fails to file during the nomination period, there will be a five day extension through 5 p.m. on August 12, 2020, for anyone other than the incumbent officer. The Registrar of Voters Office would like to assist you in any way possible in meeting all of your filing deadlines. Enclosed is a sample Resolution form to request consolidation, a Notice of Offices to Be Filled and Statement of Responsibility for the Statement of Qualifications and a Notice of District Boundaries.

As a convenience to your candidates, we have enclosed forms for submitting Candidates' Statements of Qualifications. These forms may be provided to any candidate wishing to include a printed Statement of Qualifications in the Sonoma County Voter Information Guide.

If your district requires payment in advance for printing statements, candidates must secure a receipt from your office as proof of payment before a statement will be accepted for filing by our office. We will send out cost estimates via email as soon as they are available.

Statements of Qualifications must be filed at the same time all other nomination documents are filed in the office of the Registrar of Voters. Statements may be withdrawn but not changed during the nomination period or extended nomination period if applicable.

If you have any questions regarding this or any other election related matters, you may call our office at (707) 565-6800 or write us at P.O. Box 11485, Santa Rosa, CA 95406. Your continued cooperation and assistance in the conduct of elections is greatly appreciated.

Thank you,

Kamari Marchbanks

Cloverdale Health Care District Meeting Minutes-April 13, 2020

Meeting was conducted via emails back and forth due to Social Distancing and in-person meeting restrictions put in place by the Sonoma County Public Health Officer to combat the spread of the Covid-19 virus. Tom provided the meeting packet to each board member and the board agreed to review the information and ask questions via email.

Meeting agenda was approved by all board members with no changes.

Previous Minutes: Minutes of the February 10, 2020 meeting were approved unanimously after a motion to approve was put forward by board member Delsid. There was no March, 2020 meeting.

Financial Statement for March, 2020- Board member De Martini had asked about whether to assign old accounts receivable to collection. Tom responded that after reviewing them, a few were sent off to collection and the account receivable aging is largely under 45 days. The financial statement was approved unanimously after a motion to approve was put forward by board member Delsid.

Manager's Report: Transport volume is down about 50%. What transports there were took place early in the month. For the ten-day period prior to the meeting, there were five days without any transports, followed by a slight uptick during the past two days. Tom has been on two telephone calls daily regarding Covid-19 with County Public Health officials and the County Emergency Operating Center. There were no operational, equipment or workers comp issues. Personnel continue to prepare for Covid-19 patient contacts according to CDC and local Health Department guidelines. To date, no Covid-19 diagnosed patients have been transported. The IGT came in, not as much as last year but still \$65,000 in new money. Great news. Second Property Tax payment should arrive in late April.

Appreciation Dinner: The dinner, scheduled for May 21, will take place if the gathering ban is lifted. The Historical Society has our application, insurance rider and payments. If we are able to proceed it was suggested that Dahlia & Sage might cater and we would serve. Stay tuned.

For the Good of the Order: Nothing else was submitted. Adjourn to next meeting, May 11, 2020.

Respectfully submitted,

Neena Hanchett, Board Secretary

Re: Survey – Input on Boundaries and Performance Standards for Ambulance Services

Greetings,

The County of Sonoma is reaching out to all cities, districts, communities, and healthcare providers ("Stakeholders") to ask that you participate in an important Emergency Medical Services survey facilitated by EndPoint EMS Consulting on behalf of the Sonoma County Department of Health Services ("the Department"). The Department is in the process of reviewing how emergency ambulance services are provided countywide, and the Department is seeking input from Stakeholders like you on any changes that need to be made to improve how these services are delivered. Your attention and feedback at this time is critical to make sure that Stakeholders' perspectives on the subject are heard and may contribute to the crafting of the best emergency medical services system for their communities. Input that the Department receives from this survey will affect for years how emergency medical services are provided to the residents of this County.

Due to the COVID-19 pandemic, our regularly occurring in-person Stakeholder feedback was interrupted and suspended indefinitely. This survey will serve as a virtual resumption of that Stakeholder feedback, and will allow the Department to complete the countywide Stakeholder feedback process, as well as allow the Department time to finalize a new request for proposals ("RFP") for ambulance services to the exclusive operating area (see existing map), and hopefully receive even more Stakeholder feedback. The Department is responsible for drawing ambulance service boundaries to service the County, following California law (H&S Code 1797 et seq. & EMS Authority Regulations) and Sonoma County Code Chapter 28. (See existing map). These boundaries are served by public or private ambulance providers. The Department may also draw an exclusive operating area ("EOA"), which is served by an ambulance provider under an exclusive, competitively awarded contract. (H&S 1797.224.). The Cities of Santa Rosa, Sebastopol, Rohnert Park and Cotati are in the existing EOA, and the residents within that area are provided emergency ambulance under an existing contract with AMR which will expire fiscal year 2022-2023. The Department is asking through the survey how Stakeholders feel about the existing ambulance boundaries. Any Stakeholder who wants to make a change to the existing ambulance boundaries must submit a formal request via Sonoma County Code 28-8. Sonoma County Code provides that boundary change requests must be initiated by the City having jurisdiction over the area served (or the County for those areas outside of an incorporated City). If a requested boundary change would impact the jurisdiction of any other City or the County, then in addition to the requesting jurisdiction, the other governing bodies in the zone must also support the change. Special Districts providing ambulance services within an area proposed for a change must also take a position. Non-municipal stakeholder agencies and the general public are represented in this process via their representative City and/or the Sonoma County Board of Supervisors.

The Department will also be finalizing a new RFP to service the EOA upon the expiration of the existing contract. The Department is considering through the survey any contract revisions and requirements for the awarded ambulance provider that must be made to ensure the residents within the EOA receive the best possible care at a reasonable cost.

The input of the communities served by EOA ambulance providers is vital to the success of the EOA development process. 911 ambulance service is one part of a harmonized EMS system response that includes dispatch centers, first responders and local jurisdictional partners as well as allied health care providers and the local EMS Agency. The perspective of each partner is important, and Stakeholders must have an opportunity to weigh in on the level of service to be provided through the contract. Stakeholders must also have an opportunity to request changes to an EOA boundary when that opportunity arises, as inclusion or exclusion from the EOA has an impact to service delivery within the City as well as the unincorporated areas of Sonoma County.

Despite the current challenges facing Sonoma County, the Department of Health Services remains committed to a robust, inclusive stakeholder engagement process with community partners. Although the County remains under limitations for in-person Stakeholder meetings, we are hopeful we can use tools such as this survey and subsequent online meeting format to share survey results and gather the remaining input needed to draft the solid RFP needed to ensure a vigorous competitive process moves forward, and is ultimately successful.

The specific topics the Department is addressing in this survey are:

- EOA Boundaries
- Terms of an EOA Contract and required equipment
- Response time expectations

The Department is hopeful any entity with concerns or feedback will indicate those on the survey response. If an organization does not provide a response, the Department will assume the non-responsive entity has no feedback to provide in regard to the development of the EOA and will move forward informed by the input of responsive entities.

Sincerely, nhi L.

Barbie Robinson, MPP, JD, CHC Director Department of Health Services
